

THE SCIENTIFIC REPORTS OF THE KYOTO PREFECTURAL UNIVERSITY AGRICULTURE NO. 31

Contents

Agriculture

- Studies on the effects of mutagens on cultured cells of higher plants I
Radiosensitivity in callus tissues of soybeans
.....S. MORI, H. NAKANISHI, T. TANIMOTO and M. MURAKAMI... 1
- Studies on the yield stability viewed from the point of character
manifestation variability of crops IV
On the intra-plant variations of culm length and internode length in rice
.....H. NAKANISHI, S. MORI, K. MIZUNO and M. MURAKAMI... 8
- Potential ability of fruit itself affecting fruit development in peaches
.....M. ISHIDA, A. INABA and Y. SOBAJIMA... 15
- Fundamental studies on propagation of peach (*Prunus persica* Sieb. et Zucc.)
by stem cuttings III
The characteristics of photosynthesis on softwood cuttings during mist propagation
.....H. GEMMA, H. YAMAMOTO, M. ISHIDA and Y. SOBAJIMA... 21
- Studies on production of vegetable crops in water culture XVIII
Effect of concentration and pH of nutrient solution on growth and
yield of spinach..... T. NAMIKI, E. KOIKEDA and S. TAKASHIMA... 29
- Suppression of *Pseudomonas riboflavina*-stimulated zoosporangial formation
of *Phytophthora capsici* by Viccillin..... H. MASAGO and C. ITO... 39
- Effect of the concentrate levels on rumen fermentation and some blood values
.....Y. KOJIMA, S. MAEDA and S. YOSHIDA... 44
- The Economic analysis of the effects of vegetable price stabilization systems
especially on the basic prices for the working of the systems
..... C. FUJITANI and H. AZUMA... 51

Forestry

- Net production Rate in Natural Forest of *Chamaecyparis obtusa* S. et Z. on Poor
Site near Kyoto City..... H. SAITO, H. MATSUSHITA and M. TAKEOKA... 59
- The diffusion of solute through wood saturated with water IV
(3) On the diffusion rates of the bivalent electrolytes
.....M. FUKUYAMA, H. URAKAMI and I. IIDA... 70
- Studies on the succession in the plant communities established by executing
the hill-side planting works II
—A case of the hill-side planting works at Rokkô mountains in
Hyogo Prefecture—.....K. OHTÉ and H. KATÔ... 78
- On the soil production on the mountain slope (II)
—Characteristics of rainfall in relation to the occurrence of landslide disaster—
..... H. HIURA, K. MURAKAMI and K. OHTÉ... 93

Effect of drying conditions on wettability and gluability of red seraya veneer	H. KAJITA and J. MUKUDAI... 108
Relation between air pollution and vitality of tree in Kyoto (III)	T. HONJYO, T. SENOO and Y. SHIONO... 117
On structures of Beech (<i>Fagus crenata</i> Blume) stands in Mt. Hakusan	T. SENOO... 125

Agricultural Chemistry

Biochemical studies on carbohydrates of fungi II. Changes in carbohydrates in the elongation of fruitbodies of <i>Coprinus cinereus</i>	S. FUJII, H. MATSUDA and M. MATSUMOTO... 137
Thiobarbituric acid reacting material in <i>Erigeron annuus</i> pers	M. KANAMORI and M. MIYOSHI... 142
Biochemical studies on chick embryo during incubation	F. IBUKI, S. YOSHIDA, M. KOTARU, H. DOI and M. KANAMORI... 153
Study on changes of bovine κ -Casein under various preservative conditions	H. DOI, M. TANAKA, F. IBUKI and M. KANAMORI... 164
On the formation of curdlan gel	T. KUGE, N. SUETSUGU and K. NISHIYAMA... 170
